## What Are You Applying For?

Based on the type of work proposed and the location and protected status of the trees involved, there are various details and supporting information that will need to be supplied in order for the Local Planning Authority to determine the application.

**Are you seeking consent for works to tree(s) subject to a Tree Preservation Order?**

- Yes  
 No

**Are you wishing to carry out works to tree(s) in a conservation area?**

- Yes  
 No

**Documents and plans (for any tree)**

A sketch plan clearly showing the position of trees listed in the question 'Identification of Tree(s) and Description of Works' MUST be provided when applying for works to trees covered by a Tree Preservation Order.

A sketch plan is also advised when notifying the LPA of works to trees in a conservation area ([see guidance notes](#)).

It would also be helpful if you provided details of any advice given on site by an LPA officer.

Are you providing additional information in support of your application (e.g. an additional schedule of work for the question 'Identification of Tree(s) and Description of Works')?

- Yes  
 No

If Yes, please provide the reference numbers of plans, documents, professional reports, photographs etc in support of your application

ATTACHED LOCATION PLAN SHOWS PROPERTY EDGED RED AND POSITION OF TREE MARKED 'T1'

## Identification of Tree(s) and Description of Works

Please identify the tree(s) and provide a full and clear specification of the works you want to carry out

T1 SYCAMORE, TREE IS LOCATED IN THE REAR GARDEN OF THE PROPERTY ON THE LEFT HAND SIDE. THE REAR GARDEN IS SPLIT INTO 2 LEVELS AND THE SYCAMORE IS LOCATED ON THE UPPER LEVEL OF THE GARDEN.  
TREE IS A GOOD SPECIMEN AND HAS A GOOD CROWN.  
TREE IS CAUSING A LOT OF SHADING TO THE GARDEN AND PROPERTY WITH ITS FULL CROWN.  
CROWN REDUCE TREE BY AROUND 3M TO GIVE A FINAL HEIGHT OF AROUND 12M AND A SPREAD OF AROUND 6M  
ALL WORKS TO FOLLOW BS3998-'TREE WORK RECOMMENDATIONS' AND TO BE CARRIED OUT BY PROFESSIONAL ARBORICULTURALIST WHO HAS ADVISED THIS WORK  
NO WORKS HAVE BEEN CARRIED OUT TO TREE SINCE 2013 UNDER TRC/2013/1778

You might find it useful to contact an arborist (tree surgeon) for help with defining appropriate work.

Where trees are protected by a Tree Preservation Order, please number them as shown in the First Schedule to the Tree Preservation Order where this is available. You should use the same numbering on your sketch plan (see below for sketch plan requirements).

Please provide the following information:

- Tree species
- The number used on the sketch plan; and
- A description of the proposed works.

Where trees are protected by a Tree Preservation Order you must also provide:

- Reasons for the work; and where trees are being felled
- Proposals for planting replacement trees (including quantity, species, position and size) or reasons for not wanting to replant.

e.g. Oak (T3) – Whole crown reduction to 12m above ground level, to provide sufficient clearance to property.

### Sketch plan requirements

Your plan needs to show the precise location of the tree(s) in relation to nearby property/roads/boundaries. It should, therefore:

- indicate the main features of the site where the tree(s) stand and its surroundings; in particular, you should:
  - mark and name surrounding roads
  - sketch in buildings, including adjoining properties
  - add house numbers or names
- mark the position of the tree(s) to which you want to carry out work and identify them by the number shown in the Tree Preservation Order where possible; if you use a different number, please make sure that this can be matched with your description of the tree(s)
- if there are many trees on the site, make clear which tree(s) are included in this application by:
  - marking all trees on the plan, but only numbering those to which you want to carry out work
  - showing the approximate distance between the application tree(s) and buildings
  - adding other relevant features on the site (e.g. greenhouse, paths)

If it is impossible to identify the tree(s) accurately on the plan (e.g. because they are part of a woodland or group of trees), please identify their approximate location on the plan and provide details of how the tree(s) are marked on site (e.g. high visibility tape, tree tags, paint, etc); trees must not be marked by scarring or cutting into the bark.

## Tree Ownership

Is the applicant the owner of the tree(s)?

- Yes  
 No

## Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff  
(b) an elected member  
(c) related to a member of staff  
(d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?

- Yes  
 No

## Declaration

I/We hereby apply for Tree works: Trees in conservation areas/subject to TPOs as described in the questions answered, details provided, and the accompanying plans/drawings and additional information.

I/We confirm that, to the best of my/our knowledge, any facts stated are true and accurate and any opinions given are the genuine opinions of the person(s) giving them.

I/We also accept that, in accordance with the Planning Portal's terms and conditions:

- Once submitted, this information will be made available to the Local Planning Authority and, once validated by them, be published as part of a public register and on the authority's website;
- Our system will automatically generate and send you emails in regard to the submission of this application.

I / We agree to the outlined declaration
