Hi there

I have recently visited the site St Georges Ct, Thornham, Hunstanton, PE366NR to take a look at the trees as requested by the managing agents.

I have submitted an application for the works I have suggested, however there is a large limb on a Holm Oak with a big split in it that I feel should be dealt with sooner than the decision notice. I have however included this in the application as well just incase you feel it does need an application.

Please let me know whether we can remove the limb in the next couple of weeks.

The application reference number incase you need it is: PP-12714745

Pictures attached below.

Best Regards,
