Dear Mr Fowler,

The Old Music Hall – Change of use planning application for a temporary period of no more than 3 years

On behalf of The Chancellor, Masters and Scholars of the University of Oxford, please find the enclosed change of use application relating to the ground and lower ground floor levels of part of The Old Music Hall building on Cowley Road for teaching purposes for a temporary period of no more than 3 years.

For the application we have provided a site and location plan and have completed a community infrastructure levy form. As this is only a change of use application, we understand that there is no requirement to provide a daylight or sunlight assessment, a design and access statement, a noise impact assessment or landscaping details as they do not apply to this proposal.

Yours Sincerely,

TMD Building Consultancy
