Details of the pre-application advice received
The previous application was submitted as a change of use to site the log cabins but the validation officer suggested the description of the proposal be changed to 'erection of' log cabins whereas we had originally submitted for 'the siting of'. Had the implications been set out we would not have agreed to the change of description nor the higher fee as the cabins are clearly not dwellings. Harrison offered advice and guidance through the planning process and the previous application was subsequently withdrawn. Harrison confirmed that, in principle if the scheme were re-submitted as a change of use and the siting of caravans, this could be supported and providing that the cabins meet the legal definition of a caravan, subject to all other considerations, the principle of development is likely to be acceptable. The application is therefore resubmitted on this basis.
Authority Employee/Member
Nith respect to the Authority, is the applicant and/or agent one of the following: a) a member of staff b) an elected member c) related to a member of staff d) related to an elected member
t is an important principle of decision-making that the process is open and transparent.
For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
