Existing Rear Elevation

NOTES

1. Use figured dimensions only.
2. Do not scale from this drawing.
3. All dimensions and levels to be checked on site and any discrepancies to be reported to the lead designer immediately and before proceeding with any affected works.
4. To be read in conjunction with current revisions of all project documents from design team members.
5. Structural and services information shown in architectural drawings are indicative only. Refer to consultant's drawings for details and setting out.
6. All work and materials to be in accordance with current and applicable statutory legislation and relevant standards.
7. Landscape design / drainage indicative only (all by others).
8. Read manufacturer's data sheets for specified products.
9. If in doubt, ask.
