Details of the pre-application advice received
Firstly, the application will be for the change of use of the land from open space to extension of residential curtilage and its enclosure. Therefore, this will not be a householder planning application but an application for full planning permission. Furthermore, I have not yet issued an Enforcement Notice on the land in question – that would be the next step should no application to regularise the change of use be received by the Council by the agreed deadline (19 January 2024).
Authority Employee/Member With respect to the Authority, is the applicant and/or agent one of the following: (a) a member of staff (b) an elected member (c) related to a member of staff
(d) related to an elected member
It is an important principle of decision-making that the process is open and transparent.
For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
Do any of the above statements apply? ○ Yes ⊙ No
