Hi Duncan,

Further to our discussions for the move of Airwave's equipment racks from the police station building to a new cabin in the mast compound, I am in a position to apply to Mid Suffolk for a determination as to whether or not prior approval is required for a new cabin with the mast compound.

With this in mind, please find attached the developer's notice formally advising you of the application being made on your land. Though you've already approved the schematic drawings, for completeness these are also attached.

Obviously I'll let you know how it goes with the LPA and hopefully will be able to have Tommy Howe at Heyrods move the racks as soon as possible after consent is granted by the LPA.

With kind regards, Jonathan
