Reason for Lawful Development Certificate
Please indicate why you are applying for a lawful development certificate
O An existing use
✓ Existing building works✓ An existing use, building work or activity in breach of a condition
Being a use, building works or activity which is still going on at the date of this application.
Description of Existing Use, Building Works or Activity
Please fully describe each existing use, building works or activity for which you want the lawful development certificate. Where appropriate, show to which part of the land each use, building works or activity relates
The dwelling known as Harvose has not been constructed in compliance with the Planning Permission. This certificate of lawfulness application shows that the dwelling as constructed is materially different from the planning permission granted, so in effect the permission has not been implemented. The dwelling has also been constructed outside of the redline boundary on the approved site plan drawing.
Grounds for application for a Lawful Development Certificate
Under what grounds is the certificate being sought
 ☐ The use began more than 10 years before the date of this application ☐ The use, building works or activity in breach of condition began more than 10 years before the date of this application ☐ The use began within the last 10 years, as a result of a change of use not requiring planning permission, and there has not been a change of use requiring planning permission in the last 10 years
The building works (for instance, building or engineering works) were substantially completed more than four years before the date of this application.
The use as a single dwelling house began more than four years before the date of this application Other - please specify (this might include claims that the change of use or building work was not development, or that it benefited from planning permission granted under the Act or by the General Permitted Development Order).
Is the certificate being sought for a use, operation, or activity in breach of a condition or limitation?
○ Yes ⊙ No

Please state why a Lawful Development Certificate should be granted

The documents and evidence submitted with this application demonstrate on the balance of probabilities that the construction of the dwellinghouse known as 'Harvose', as built, is materially different to that permitted under planning permission reference 6/78/2280/OOP MER 142 and 6/79/0957/000 MER 142, such that the original permission was not implemented. As it was substantially completed more than four years prior to this Lawful Development Certificate application, it is immune from enforcement action under s171(B)(1) of the Act. In accordance with the Handoll [1995] case, because the dwelling was unlawful when built, subsequently none of the conditions imposed on that planning permission apply or can be enforced.
