## Description of Proposal

Does the proposal consist of, or include, the carrying out of building or other operations?

Yes

No

If Yes, please give detailed description of all such operations (includes the need to describe any proposal to alter or create a new access, layout any new street, construct any associated hard-standings, means of enclosure or means of draining the land/buildings) and indicate on your plans (in the case of a proposed building the plan should indicate the precise siting and exact dimensions)

The proposed rear extension is to be constructed 3m from the original rear elevations. The extension will be constructed from brick and block cavity wall with a render finish to match the existing construction. The roof will be of timber frame construction at a height of 3.69m at the heights point. There will be additional access points to the dwelling via a single external door to the west elevation and bi-fold doors to the rear, both leading into the new extension. The mains drainage runs down the side of the dwelling and will therefore be unaffected by the proposal.

Does the proposal consist of, or include, a change of use of the land or building(s)?

Yes

No

Has the proposal been started?

Yes

No

## Grounds for Application

### Information about the existing use(s)

Please explain why you consider the existing or last use of the land is lawful, or why you consider that any existing buildings, which it is proposed to alter or extend are lawful

The current use is a decking area leading down to the garden of the dwelling. The extension will effectively replace the decking area and partially replace the decking with a new terrace leading down to a patio area. The proposed design follows the guidance in the 'Permitted development rights for householders: technical guidance' document.

Please list the supporting documentary evidence (such as a planning permission) which accompanies this application

Select the use class that relates to the existing or last use.

C3 - Dwellinghouses

### Information about the proposed use(s)

Select the use class that relates to the proposed use.

Is the proposed operation or use

- Permanent  
 Temporary

Why do you consider that a Lawful Development Certificate should be granted for this proposal?

The proposal meet the criteria for Permitted Development rights as outlined in the Permitted development rights for householders: technical guidance.

### Site Visit

Can the site be seen from a public road, public footpath, bridleway or other public land?

- Yes

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff  
(b) an elected member  
(c) related to a member of staff

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
