

Flush

Traditional aesthetics without traditional pitfalls

The Flush casement window is a superb addition to the Evolution collection, designed to create a stunning focal point and featuring traditional aesthetics. The flush-fitting window is ideal for properties that are replacing original timber windows, or for those wanting authentic looks, but wish to take advantage of modern window technology.

Flush window casements are a timeless, elegant window solution, characterised by openers that close fully into the frame to deliver a beautiful flush appearance.

Clean & Sleek Minimalist Design

Why compromise beauty for functionality? Our Flush Window systems bring a traditional timber aesthetic to your home, without sacrificing the longevity and energy efficiency of modern designs. The cool, sleek lines of the Flush casement window are a minimalist's dream. Whilst this style of window has been traditionally used in older, cottage style properties, the latest trend is that owners and developers of more contemporary properties are turning to flush style windows as it helps maintain the simplistic, architectural outlook they are striving for.

Exceptional Performing Energy Efficiency

With an exceptional A+11 and 1.3 U value Energy rating as standard, the heat generated in your home will not be able to escape with the highly energy efficient Flush window. Your bills will reduce in cost and your house will stay warm and cosy for years to come. You can even opt for the ultimate energy saving triple glazing to conserve more heat.

Flush

A classic flush-fitting appearance on the exterior, combined with sumptuous textured detail on the interior make this a truly breathtaking window solution. To personalise your flush windows, you can choose to add Georgian bars, decorative glass or detailed leading to complement your property. With the Evolution Flush window, you can achieve the authentic look of wood, but without the laborious sanding and painting every 5 years. Our innovative woodgrain effect finish ensures a stunning flawless finish and a virtually maintenance free window.

- Beautiful timber styling throughout with hand-crafted joints
- Exquisite wood effect detailing across all of the frame
