| Whilst Ms Jones is generally happy with what we saw and measured during our previous site visit, the 'as built' building does differ from the approved plans. Therefore, there has been a breach of planning control. The most straight forward route to remedy the breach would be to submit a new householder application for the retention of the "garage" building how it is now – albeit with conservation style rooflights, rather than the ones currently in place. We do not feel that a s73 route (a variation) would be appropriate on this occasion, given that this cannot be used to change a description, and if this outbuilding is no longer proposed to be used as a garage, then this would change the description of the approved development. |

If the planning authority needs to make an appointment to carry out a site visit, whom should they contact?

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

(a) a member of staff

- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
