

Sustainability Statement - minor applications

Sustainability standards Yes / No

A Net zero carbon

1. *Has the building fabric been designed to standards of ultra-low energy demand?* YES
2. *Has thermal comfort and the risk of overheating been assessed and passive design measures been prioritised?* YES
3. *Is the development fossil fuel free?* YES

Improved sustainability in the choice of materials to be used to build the carport and surrounding elements

4. *Will a net zero operational carbon balance be achieved and 100% of energy consumption delivered using renewables?* N/A
5. *Will embodied carbon emissions be minimised?* YES

Improved sustainability in the choice of materials to be used to build the field shelter and surrounding elements

B Travel

Not Applicable

C Water

N/A

D Waste

1. *Will the construction company be registered with the Considerate Construction Scheme?* YES
2. *Will a Site Waste Management Plan be followed and targets set for construction waste recycling and disposal?* YES
3. *Will there be safe and convenient access to waste recycling?* YES

E Voluntary sustainability standards

Not Applicable

F Only for development affecting heritage assets or traditional buildings

1. *Have the heritage value of the building(s) and impact on any heritage asset been appropriately assessed?* YES
2. *Is a whole building approach being taken?* N/A
3. *Will responsible retrofit measures be adhered to?* N/A
