PATIO DOOR SYSTEM BY SELECTA SYSTEMS LTD

Intelligent design...

Enjoy the Practicality of Patio Doors

The MASTERSlide Patio Door has been designed for practicality and performance.

The sliding design enables you to maximise your view of the outside and benefit from more light within your home.

Selecta has developed MASTERSlide– a high-performance, secure and visually stunning PVC-U sliding door system that's designed for hassle-free operation and maintenance.

MASTERSlide is practical and versatile with a stunning classical appearance which is why sliding doors have been a popular choice for decades.

Consistent, straightforward and smooth operation ensure that the sliding doors create a stylish, value-adding feature to your home.

Maximise your view of the outside
with a stunning sliding door...

Open up your home to the world outside

Visually appealing...

Master Aesthetics

Open up your home to the outside with a sliding wall of glass. Transform your living space with no barriers between the outside and your home.

Sliding Door openings can be up to four door panes wide. The simplistic roller assembly means doors can be configured to meet customers individual preferences, from a 2 pane configuration to a more complex 4 pane combination.

The patio door combinations are all encased within a slimline package with slim sight lines to rival any patio door on the market

An attractive, unobtrusive D-handle fits flat to the door frame, enabling smooth operation of the sliding doors.

Doors can be configured to meet specific customer preferences

Premium quality and design

Easy-glide sliding doors...

Master Functionality

A smooth, easy-glide sliding door with stainless steel track and roller system ensures durability and the patio doors will operate smoothly for many years to come.

A multi-point locking system and a 28mm internally glazed sculptured or chamfered bead offers increased security.

A midrail option is available where an entrance is required with a letterplate or panel.

A fully flexible sliding door with a choice of 2, 3 or 4 pane doors.

Smooth, flawless operation for
many years to come

Open up to the outside

Innovation and Superior Design...

Master of Innovation and Design

- 1 **Full PVCu Frame** - Designed to integrate with cills and ancillary items
- 2 **Multi-Point Locking System** - Opposing hooks for added security
- 3 **Energy Efficient Profile System** - One of the more thermally efficient profile systems around
- 4 **Fully Reinforced** - Steel and aluminium reinforcement for maximum strength and security
- 5 **28mm Single Leg Knock-in Bead** - Internally glazed, sculptured or chamfered, for extra security

Thermally Efficient Profiles

The MASTERSlide Patio Door System is manufactured from Selecta profiles which are one of the more thermally efficient window and door profile systems in the market.

The profile sections are designed to ensure minimum heat loss through the frame and sashes thus keeping the warm in and the cold out.

Quality hardware...

Specifically chosen to suit

The multi-point locking system with opposing hooks ensures excellent security for your sliding patio door.

The ergonomically designed 'D' Handle is simplistic and smooth in operation.

Stainless steel rollers and track ensure durability and smooth, effortless operation of the sliding patio doors.

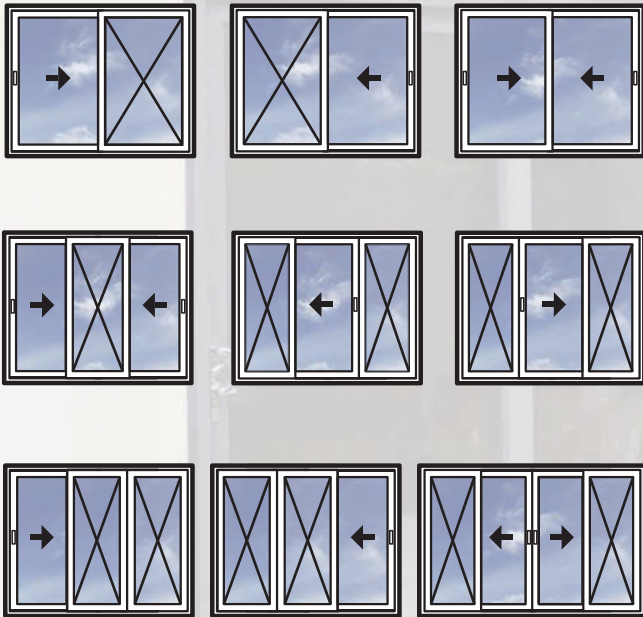

Secure and visually appealing
range of hardware options

and door options available to you...

Patio Door Combinations

There are a number of different combinations for you to choose from to ensure your patio door meets your requirements.

Patio Door Colour Options

The MASTERslide Patio Doors are available in an array of popular and modern colour shades.

From your standard classic white, rosewood and golden oak to your more contemporary chartwell green and anthracite grey.

Whatever your colour options you can be sure that your patio doors will be the most aesthetically pleasing you can buy.

Please note colours are for illustration purposes only and may vary in the print process.
