Section A – Plans & Documents:

This decision refers to drawing no./entitled 518 01 received 05/08/2021 as the defined red line plan with the site shown edged red. Any other drawing showing land edged red whether as part of another document or as a separate plan/drawing has not been accepted or treated as the defined application site for the purposes of this decision.

The plans and documents recorded below are those upon which this decision has been reached:

Defined Red Line Plan 518 01 - Received 05/08/2021
Block Plan - Proposed 518-07 L - Received 15/12/2022
Proposed Site Plan 518-08 J - Received 15/12/2022

Section B:

Mid Suffolk District Council as Local Planning Authority, hereby give notice that **PLANNING PERMISSION HAS BEEN GRANTED** in accordance with the application particulars and plans listed in section A subject to the following conditions:

1. ACTION REQUIRED IN ACCORDANCE WITH A SPECIFIC TIMETABLE: TIME LIMIT FOR RESERVED MATTERS APPLICATION (S73 TIME LIMIT)

Application for approval of reserved matters must be made not later than the expiration of three years beginning with the date of the original permission, and the development must be begun not later than the expiration of two years from the final approval of the reserved matters or, in the case of approval on different dates the final approval of the last such matter to be approved.

For the avoidance of doubt, this application does not change the time scale for submission of reserved matters set out within the original application. Reserved matters shall be submitted to the Local Planning Authority before the 24th August 2025.

Reason - Required to be imposed pursuant to Section 92 of the Town and Country Planning Act 1990 as amended by Section 51 of the Planning and Compulsory Purchase Act 2004

2. ACTION REQUIRED PRIOR TO COMMENCEMENT OF WORKS: PRECOMMENCEMENT CONDITION: APPROVAL OF RESERVED MATTERS

Before any development is commenced, approval of the details of the appearance, scale and layout of the building(s) and the landscaping of the site (hereinafter called "the reserved matters") shall be obtained in writing from the Local Planning Authority.

Reason - To enable the Local Planning Authority to secure an orderly and well-designed development in accordance with the character and appearance of the neighbourhood and in accordance with the Development Plan. This condition is required to be agreed prior to the commencement of any development in accordance with proper planning principles to allow public engagement on the outstanding reserved matters and ensure no significant adverse harm results.

3. APPROVED PLANS & DOCUMENTS

The development hereby permitted shall be carried out in accordance with the drawings/documents listed under Section A above and/or such other drawings/documents as may be approved by the Local Planning Authority in writing pursuant to other conditions of this permission or such drawings/documents as may subsequently be approved in writing by the Local Planning Authority as a non-material amendment following an application in that regard. Such development hereby permitted shall be carried out in accordance with any Phasing Plan approved under Section A, or as necessary in accordance with any successive Phasing Plan as may subsequently be approved in writing by the Local Planning Authority prior to the commencement of development pursuant to this condition.

Reason - For the avoidance of doubt and in the interests of proper phased planning of the development.

4. ACTION REQUIRED PRIOR TO COMMENCEMENT: CONSTRUCTION METHOD STATEMENT TO BE AGREED

No works shall take place, including any demolition, until a Construction Method Statement has been submitted to and approved, in writing, by the Local Planning

Authority. The approved Statement shall be adhered to throughout the construction period and shall provide details for:

the parking of vehicles of site operatives and visitors;
hours of deliveries and hours of work;
loading and unloading of plant and materials;
storage of plant and materials used in constructing the development;
the erection and maintenance of security hoarding including decorative displays and facilities for public viewing, where appropriate;
wheel washing facilities;
measures to control the emission of dust and dirt during construction; and
a scheme for recycling/disposing of waste resulting from construction works.

Reason: In order to ensure that the construction takes place in a suitable manner and to ensure that amenities of existing residents are protected as far as reasonable.

5. ACTION REQUIRED PRIOR TO COMMENCEMENT: SCHEME OF ARCHAEOLOGICAL INVESTIGATION

No development shall take place within the area indicated [the whole site] until the implementation of a programme of archaeological work has been secured, in accordance with a Written Scheme of Investigation which has been submitted to and approved in writing by the Local Planning Authority.

The scheme of investigation shall include an assessment of significance and research questions; and:

- a. The programme and methodology of site investigation and recording
- b. The programme for post investigation assessment
- c. Provision to be made for analysis of the site investigation and recording
- d. Provision to be made for publication and dissemination of the analysis and records of the site investigation
- e. Provision to be made for archive deposition of the analysis and records of the site investigation
- f. Nomination of a competent person or persons/organisation to undertake the works set out within the Written Scheme of Investigation.
- g. The site investigation shall be completed prior to development, or in such other phased arrangement, as agreed and approved in writing by the Local Planning Authority.

Reason: To safeguard archaeological assets within the approved development boundary from impacts relating to any groundworks associated with the development scheme and to ensure the proper and timely investigation, recording, reporting and presentation of archaeological assets affected by this development, in accordance with Core Strategy Objective SO 4 of Mid Suffolk District Council Core Strategy Development Plan Document (2008) and the National Planning Policy Framework (2021).

6. ACTION REQUIRED PRIOR TO OCCUPATION: SUBMISSION OF ARCHAEOLOGICAL FINDINGS

No building shall be occupied until the site investigation and post investigation assessment has been completed, submitted to and approved in writing by the Local Planning Authority, in accordance with the programme set out in the Written Scheme of Investigation approved under part 1 and the provision made for analysis, publication and dissemination of results and archive deposition.

Reason: To safeguard archaeological assets within the approved development boundary from impacts relating to any groundworks associated with the development scheme and to ensure the proper and timely investigation, recording, reporting and presentation of archaeological assets affected by this development, in accordance with Core Strategy Objective SO 4 of Mid Suffolk District Council Core Strategy Development Plan Document (2008) and the National Planning Policy Framework (2021).

7. ACTION REQUIRED CONCURRENT WITH SUBMISSION OF RESERVED MATTERS: SUSTAINABILITY MEASURES TO BE AGREED

Concurrent with the submission of reserved matters a scheme for the provision and implementation of water, energy and resource efficiency measures for the lifetime of the development shall be submitted to and approved, in writing, by the Local Planning Authority.

The scheme must include as a minimum to achieve:-

- Agreement of provisions to ensure the development is zero carbon ready
- An electric car charging point
- Agreement of heating for the office/conditioned areas
- Agreement of scheme for waste reduction

The scheme shall include a clear timetable for the implementation of the measures in relation to the first occupancy of the development. The scheme shall be constructed and the measures provided and made available for use in accordance with such timetable as may be agreed and thereafter maintained.

Reason: To enhance the sustainability of the development through better use of water, energy and resources reduce harm to the environment and result in wider public benefit in accordance with the NPPF.

8. DEVELOPMENT ACTION REQUIRED IN ACCORDANCE WITH ECOLOGICAL APPRAISAL RECOMMENDATIONS

All mitigation measures and/or works shall be carried out in accordance with the details contained in the Preliminary Ecological Appraisal (Abrehart Ecology Ltd, April 2021) and Bat Survey Report (Abrehart Ecology Ltd, July 2021) as already submitted with the planning application and agreed in principle with the local planning authority prior to determination.

Reason: To conserve protected and Priority species and allow the LPA to discharge its duties under the Conservation of Habitats and Species Regulations 2017 (as amended), the Wildlife & Countryside Act 1981 as amended and s40 of the NERC Act 2006 (Priority habitats & species).

9. ACTION REQUIRED PRIOR TO COMMENCEMENT: SUBMISSION OF A COPY OF THE EPS LICENCE FOR BATS

Any works which will impact the breeding / resting place of bats, shall not in in any circumstances commence unless the local planning authority has been provided with either:

- a) a licence issued by Natural England pursuant to Regulation 55 of The Conservation of Habitats and Species Regulations 2017 (as amended) authorizing the specified activity/development to go ahead; or
- b) a method statement relating to a registered site supplied by an individual registered to use a Bat Mitigation Class Licence for Bats; or

c) a statement in writing from the Natural England to the effect that it does not consider that the specified activity/development will require a licence.

Reason: To conserve protected species and allow the LPA to discharge its duties under the Conservation of Habitats and Species Regulations 2017 (as amended), the Wildlife & Countryside Act 1981 (as amended) and s17 Crime & Disorder Act 1998.

10. PRIOR TO OCCUPATION: BIODIVERSITY ENHANCEMENT STRATEGY

A Biodiversity Compensation and Enhancement Strategy for Protected and Priority species shall be submitted to and approved in writing by the local planning authority prior to the first occupation of the development hereby permitted.

The content of the Biodiversity Enhancement Strategy shall include the following:

- a) Purpose and conservation objectives for the proposed enhancement measures;
- b) detailed designs to achieve stated objectives;
- c) locations of proposed enhancement measures by appropriate maps and plans;
- d) persons responsible for implementing the enhancement measures;
- e) details of initial aftercare and long-term maintenance (where relevant).

The works shall be implemented in accordance with the approved details and shall be retained in that manner thereafter.

Reason: To enhance protected and Priority species and allow the LPA to discharge its duties under the Conservation of Habitats and Species Regulations 2017 (as amended), the Wildlife & Countryside Act 1981 as amended and s40 of the NERC Act 2006 (Priority habitats & species).

11. ACTION REQUIRED PRIOR TO OCCUPATION: WILDLIFE SENSITIVE LIGHTING DESIGN SCHEME

A lighting design scheme for biodiversity shall be submitted to and approved in writing by the local planning authority prior to the first occupation of the development hereby approved. The scheme shall identify those features on site that are particularly sensitive for bats and that are likely to cause disturbance along important routes used for foraging; and show how and where external lighting will be installed so that it can be clearly demonstrated that areas to be lit will not disturb or prevent bats using their territory.

All external lighting shall be installed in accordance with the specifications and locations set out in the scheme and maintained thereafter in accordance with the scheme. Under no circumstances should any other external lighting be installed without prior consent from the local planning authority.

Reason: To conserve protected and Priority species and allow the LPA to discharge its duties under the Conservation of Habitats and Species Regulations 2017 (as amended), the Wildlife & Countryside Act 1981 as amended and s40 of the NERC Act 2006 (Priority habitats & species).

12. COMPLIANCE REQUIRED: ACCESS IMPROVEMENTS TO BE BUILT AS SHOWN

No other part of the development hereby permitted shall be occupied until the improved access has been laid out and completed in all respects in accordance with drawing no. 518-07 L.

Thereafter it shall be retained in its approved form.

Reason: To ensure the access is laid out and completed to an acceptable design in the interests of the safety of persons using the access and users of the highway.

13. ACTION REQUIRED PRIOR TO COMMENCEMENT: REFUSE AND RECYCLING BINS

Before the development is commenced details of the areas to be provided for the storage and presentation for collection/emptying of refuse and recycling bins shall be submitted to and approved in writing by the Local Planning Authority.

The approved bin storage and presentation/collection area shall be provided for each dwelling prior to its first occupation and shall be retained thereafter for no other purpose.

Reason: To ensure that space is provided for refuse and recycling bins to be stored and presented for emptying and left by operatives after emptying clear of the highway and access to avoid causing obstruction and dangers for the public using the highway.

14. ACTION REQUIRED PRIOR TO COMMENCEMENT: DETAILS OF INTERNAL ROADS

Before the development is commenced, details of the estate roads and footpaths, (including layout, levels, gradients, surfacing, lighting, traffic calming and means of surface water drainage), shall be submitted to and approved in writing by the Local Planning Authority.

Reason: In the interests of highway safety to ensure that roads/footways are constructed to an acceptable standard.

15. ACTION REQUIRED PRIOR TO COMMENCEMENT: PARKING SCHEME TO BE AGREED

Before the development is commenced details of the areas and infrastructure to be provided for the loading, unloading, manoeuvring and parking of vehicles including powered two-wheeled vehicles and electric vehicle charging points shall be submitted to and approved in writing by the Local Planning Authority.

The approved scheme shall be implemented for each dwelling prior to its first occupation and retained as such thereafter.

Reason: To ensure the provision and long term maintenance of adequate on-site space for the parking and manoeuvring of vehicles in accordance with the current Suffolk Guidance for Parking where on-street parking and or loading, unloading and manoeuvring would be detrimental to highway safety.

16. ACTION REQUIRED PRIOR TO COMMENCEMENT: CYCLE PARKING SCHEME TO BE AGREED

Before the development is commenced details of the areas to be provided for the secure, covered and lit cycle storage including electric assisted cycles shall be submitted to and approved in writing by the Local Planning Authority.

The approved scheme shall be implemented for each dwelling prior to its first occupation and retained as such thereafter.

Reason: To promote sustainable travel by ensuring the provision at an appropriate time and long term maintenance of adequate on-site areas and infrastructure for the storage of cycles and charging of electrically assisted cycles in accordance with Suffolk Guidance for Parking 2019

17. ACTION REQUIRED CONCURRENT WITH SUBMISSION OF RESERVED MATTERS: SUBMISSION OF SURFACE WATER DRAINAGE SCHEME

Concurrent with the first reserved matters application(s) a surface water drainage scheme shall be submitted to, and approved in writing by, the Local Planning Authority. The scheme shall be in accordance with the approved FRA and include:

- a. Dimensioned plans and drawings of the surface water drainage scheme;
- b. Modelling shall be submitted to demonstrate that the surface water runoff will be restricted to Q_{bar} or 2l/s/ha for all events up to the critical 1 in 100 year rainfall events including climate change as specified in the FRA;
- c. Modelling of the surface water drainage scheme to show that the attenuation/infiltration features will contain the 1 in 100 year rainfall event including climate change;
- d. Modelling of the surface water conveyance network in the 1 in 30 year rainfall event to show no above ground flooding, and modelling of the volumes of any above ground flooding from the pipe network in a 1 in 100 year rainfall event including climate change, along with topographic plans showing where the water will flow and be stored to ensure no flooding of buildings or offsite flows;
- e. Modelling to demonstrate that the dwellings are not at risk of flooding and to provide compensational flood storage volume
- f. Topographical plans depicting all exceedance flow paths and demonstration that the flows would not flood buildings or flow offsite, and if they are to be directed to the surface water drainage system then the potential additional rates and volumes of surface water must be included within the modelling of the surface water system;
- g. Details of the maintenance and management of the surface water drainage scheme shall be submitted to and approved in writing by the local planning authority.

The scheme shall be fully implemented as approved prior to the occupation of the first dwelling within the development.

Reasons: To prevent flooding by ensuring the satisfactory storage and disposal of surface water from the site for the lifetime of the development. To ensure the development does not cause increased flood risk, or pollution of watercourses or groundwater. To ensure clear arrangements are in place for ongoing operation and maintenance of the disposal of surface water drainage.

18. ACTION REQUIRED WITHIN 28 DAYS OF PRACTICAL COMPLETION OF LAST DWELLING: SURFACE WATER DRAINAGE SCHEME VERIFICATION REPORT

Within 28 days of practical completion of the last dwelling or unit, a Sustainable Drainage System (SuDS) verification report shall be submitted to, and approved in writing to the Local Planning Authority, detailing that the SuDS have been inspected and have been built and function in accordance with the approved designs and drawings. The report shall include details of all SuDS components and piped networks, in an approved form for inclusion on the Lead Local Flood Authority's Flood Risk Asset Register.

Reason: To ensure that the surface water drainage system has been built in accordance with the approved drawings and is fit to be put into operation and to ensure that the Sustainable Drainage System has been implemented as permitted and that all flood risk assets and their owners are recorded onto the LLFA's statutory flood risk asset register as required under s21 of the Flood and Water Management Act 2010 in order to enable the proper management of flood risk within the county of Suffolk

NOTES:

1. **Statement of positive and proactive working in line with the National Planning Policy Framework (NPPF)**

The proposal has been assessed with regard to adopted development plan policies, the National Planning Policy Framework and all other material considerations. The NPPF encourages a positive and proactive approach to decision taking, delivery of sustainable development, achievement of high quality development and working proactively to secure developments that improve the economic, social and environmental conditions of the area. While the applicant did not take advantage of the service, the Council provides a pre-application advice service prior to the submission of any application. The opportunity to discuss a proposal prior to making an application allows potential issues to be raised and addressed pro-actively at an early stage, potentially allowing the Council to make a favourable determination for a greater proportion of applications than if no such service was available.

2. Environmental Health at the District Councils should be contacted in the event of unexpected ground conditions / contamination being encountered during construction. The developer should be aware that the responsibility for the safe development of the site lies with them at all times.
3. The Eye NDP expects a housing mix set out in Policy EYE3 and it will need to be demonstrated to have been met with any successive Reserved Matters application. An alternative mix will only be permitted where evidence is brought forward that clearly demonstrates that the policy mix is not viable or deliverable.
4. **INFORMATIVE:**
The submitted scheme of archaeological investigation shall be in accordance with a brief procured beforehand by the developer from Suffolk County Council Archaeological Service.
5. It is an OFFENCE to carry out works within the public highway, which includes a Public Right of Way, without the permission of the Highway Authority.
Any conditions which involve work within the limits of the public highway do not give the applicant permission to carry them out. Unless otherwise agreed in writing all works within the public highway shall be carried out by the County Council or its agents at the applicant's expense.
The County Council must be contacted on Tel: 0345 606 6171.

A fee is payable to the Highway Authority for the assessment and inspection of both new vehicular crossing access works and improvements deemed necessary to existing vehicular crossings due to proposed development.
6. **INFORMATIVE:**
Any works to a watercourse may require consent under section 23 of the Land Drainage Act 1991.
Any discharge to a watercourse or groundwater needs to comply with the Water Environment (Water Framework Directive) (England and Wales) Regulations 2017.
Any discharge of surface water to a watercourse that drains into an Internal Drainage Board district catchment may be is subject to payment of a surface water developer contribution.
Any works to lay new surface water drainage pipes underneath the public highway will need a licence under section 50 of the New Roads and Street Works Act.

Any works to a main river may require an environmental permit.

Babergh and Mid Suffolk District Councils have adopted Community Infrastructure Levy (CIL) charging which affects planning permissions granted on or after 11th April 2016 and permitted development commenced on or after 11th April 2016. If your development is for the erection of a new building, annex or extension or the change of use of a building over 100sqm in internal area or the creation of a new dwelling or holiday let of any size your development may be liable to pay CIL and you must submit relevant documents to our Infrastructure Team telling us more about your development, who will pay CIL and when the development will start. You will receive advice on the amount you have to pay and what you have to do and you can find more information about CIL on our websites here:

[CIL in Babergh](#) and [CIL in Mid Suffolk](#) or by contacting the Infrastructure Team on: infrastructure@baberghmidsuffolk.gov.uk

Important Notes to be read in conjunction with your Decision Notice

Please read carefully

This decision notice refers only to the decision made by the Local Planning Authority under the Town and Country Planning Acts and DOES NOT include any other consent or approval required under enactment, bylaw, order or regulation.

Please note: depending upon what conditions have been attached to the decision, action may be required on your part before you can begin your development. Planning conditions usually require that you write to the Local Planning Authority and obtain confirmation that you have discharged your obligations. You should read your decision notice in detail and make a note of the requirements placed on you by any conditions. **If you proceed with your development without complying with these conditions you may invalidate your permission and put your development at risk.**

Discharging your obligations under a condition:

You should formally apply to discharge your conditions and the relevant application forms are available on the Council's website. The Local Planning Authority has 8 weeks to write to you after you submit the details to discharge your conditions. You should always account for this time in your schedule as the Local Planning Authority cannot guarantee that conditions can be discharged quicker than this. A fee is applicable for the discharge of planning conditions.

Building Control:

You are reminded that the carrying out of building works requires approval under the Building Regulations in many cases as well as a grant of planning permission. If you are in doubt as to whether or not the work, the subject of this planning permission, requires such approval, then you are invited to contact the Building Control Section of Babergh and Mid Suffolk District Councils.

Appeals to the Secretary of State

1. If the applicant is aggrieved by the decision of the Local Planning Authority to refuse permission or consent, or to grant permission or consent subject to condition, they may appeal to the Secretary of State for Communities and Local Government. The applicant's right of appeal is in accordance with the appropriate statutory provisions which follow:

Planning Applications: Section 78 Town and Country Planning Act 1990

Listed Building Applications: Section 20 Planning (Listed Buildings and Conservation Areas) Act 1990

Advertisement Applications: Section 78 Town and Country Planning Act 1990
Regulation 15

Town and Country Planning (Control of Advertisements) Regulations 2007

Notice of appeal in the case of applications for advertisement consent must be served within eight weeks of receipt of this notice. Notice of Householder and Minor Commercial Appeals must be served within 12 weeks, in all other cases, notice of appeal must be served within six months of this notice. If this is a decision on a planning application relating to the same or substantially the same land and development as is already the subject of an enforcement notice, if you want to appeal against your local planning authority's decision on your application, then you must do so within 28 days of the date of this notice. If an enforcement notice is served relating to the same or substantially the same land and development as in your application and if you want to appeal against your local planning authority's decision on your application, then you must do so within: 28 days of the date of service of the enforcement notice, or within six months of the date of this notice, whichever period expires earlier.

Appeals must be made on a form which is obtainable from The Planning Inspectorate, Temple Quay House, 2 The Square, Temple Quay, Bristol, BS1 6PN or online at <https://www.gov.uk/government/publications/modelnotification-notice-to-be-sent-to-an-applicant-when-permission-is-refused>

The Secretary of State has power to allow a longer period for the giving of a notice of appeal but he/she will not normally be prepared to exercise this power unless there are special circumstances which excuse the delay in giving notice of appeal. The Secretary of State is not required to entertain an appeal if it appears to him/her that permission for the proposed development could not have been granted by the Local Planning Authority, or could not have been so granted otherwise than subject to the conditions imposed by it, having regard to the statutory requirements*, to the provisions of the Development Order, and to any directions given under the Order. The Secretary of State does not in practice refuse to entertain appeals solely because the decision of the Local Planning Authority was based on a direction given by him/her.

2. If permission or consent to develop land or carry out works is refused or granted subject to conditions, whether by the Local Planning Authority or by the Secretary of State and the owner of the land claims that the land has become incapable of reasonable beneficial use by the carrying out of any development or works which has been or would be permitted they may serve on the Council of the district in which the land is situated, a purchase notice requiring the Council to purchase his interest in the land in accordance with the provisions of Section 137 of the Town and Country Planning Act 1990 or Section 32 Planning (Listed Buildings and Conservation Areas) Act 1990.

*The statutory requirements are those set out in Section 79(6) of the Town and Country Planning Act 1990, namely Sections 70 and 72(1) of the Act.
