SOFTWOOD VS HARDWOOD ?

All Bereco windows and doors use sustainably sourced FSC® 100% certified, engineered, defect free, laminated timber giving dimensional stability, longevity and high performance.

By choosing softwood, you can be confident that your windows and doors will perform to the same standards as hardwood, with the same warranties and low maintenance.

	Softwood	Hardwood
Timber type	Scandinavian Pine	Dark Red Meranti
Defects	Defect free laminated timber	Defect free laminated timber
FSC	FSC ®100% Certified	FSC ®100% Certified
Warranty	10 years	10 years
Maintenance	Clean every 6 months	Clean every 6 months
Density	≥ 350kg/m3	≥ 450kg/m3
Price		+ 30%

If you would like your timber windows & doors priced in hardwood then simply add 30% to the price of your quote

OUR WINDOWS DON'T COST THE EARTH

In the last 15 years Bereco have supplied over 100,000 wooden windows and doors saving in excess of 40 million kgCO2e* being emitted into our atmosphere, the equivalent of taking over 16,000 cars off our roads.

REDUCING YOUR CARBON FOOTPRINT

300 billion tons of carbon are stored in our forests across the world. When harvested to make wooden windows and doors the wood releases the carbon store making them carbon negative. You can reduce your carbon footprint by 160kg CO2e* for every Bereco timber window and door you buy rather than a uPVC window or door.

HELPING THE WORLD'S FORESTS TO GROW

Bereco makes a conscious choice to supply our wooden windows and doors made from nothing but FSC® 100% certified timber. For Bereco FSC® 100% certified redwood and hardwood is the only way we can ensure that our products help in the fight against deforestation.

PROTECTING OUR PLANET

Every 100 windows and doors purchased from Bereco saves a tree. For every window and door you buy from Bereco we donate £1 to the 'Buy an Acre' scheme from World Land Trust.

INVEST IN YOUR HOME

Timber windows have the lowest life-time cost in comparison to uPVC windows, with a life expectancy of around 60 years compared to just 25-35 years* from uPVC.

ENERGY EFFICIENT

Our energy saving window and door designs and high performance glazing give u-values that are up to 62% better than the current building regulations meaning the average 3 bedroom home can save the equivalent of £210 on heating bills each year.

YOUR HEALTH AND WELLBEING

With exposure to noise over long periods of time being linked to health issues such as heart disease and dementia the noise rating should not be overlooked. Our windows with 24mm double glazing offer a sound reduction of 33dB and our specially designed acoustic double glazed units offer sound reduction of up to 43dB. Ideal for properties with traffic noise or that are close to an airport.

*Figures based on a study carried out by Heriot Watt University on behalf of the Wood Window Alliance (WMA).

YOU DON'T HAVE TO COMPROMISE ON STYLE TO BE SECURE

Bereco timber windows and doors come with enhanced security features built in as standard. Home Insurance approved multi-point espagnolette locking and Neighbourhood Watch approved EHA For trees door cylinders make ours some of the most secure wooden windows and doors on the market today.

BEAUTIFULLY BESPOKE

Bespoke timber windows and doors from Bereco can be tailored to suit the style and design of your home. Choose from our range of mouldings and our designs, stylish handles and finishes in a range of 10 colours with factory applied paint or stain finishes including dual colour finishes that will transform your home.

COMPLETE PEACE OF MIND

All Bereco timber windows and doors come with a manufacturer's warranty. We are so confident in the quality of our windows and doors and our factory finishing that we give a warranty on our timber for 30 years and even offer a 10 year warranty against defects in manufacturing and factory finishes.

DON'T JUST TAKE OUR WORD FOR IT

To maintain such high standards of quality we undergo annual testing of our windows and doors certified by third party certification body Bureaux Certification. Schemes covering our products' weather performance, security, manufacturing, paint application, and the material sourcing offer a level of confidence that you are buying that you simply cannot get anywhere else.

GUARANTEED LEAD TIMES

We guarantee delivery of our wooden windows and doors in 4-8 weeks at year round. Our state of the art production facility is supported by a dedicated sawmill with timber lamination line and glass plant manufacturing our more common types of sealed units ensuring we are in complete control of the elements needed to meet the deadlines of our customers.
