Dear Sir/Madam

CTIL - Vodafone Ltd and Telefónica UK Ltd

Notification under the Electronic Communications Code Regulations of the intention to install Upgraded Electronic Communications Apparatus at:

Surbiton TE, Ewell Road, Surbiton, Surrey, KT6 6AB (NGR: E: 518490 N: 167510)

We write on behalf of CTIL (Vodafone Ltd and Telefónica UK Ltd), in relation to a proposal to carry out permitted development at the above site, which is owned or managed by Cellnex, a radio site infrastructure provider.

This letter and its enclosures set out the intention to use permitted development rights to install electronic communications apparatus at this site. The apparatus will form part of the operators' new 5G mobile networks.

There is significant UK Government support for the delivery of 5G, particularly as this new connectivity will be a step change from earlier generations of mobile connectivity and will be critical to economic growth and sustainable communities.

The operators are Electronic Communications Code Operators under the provisions of the Communications Act 2003 and operate in accordance with the Electronic Communications Code (Conditions and Restrictions) Regulations 2003, as amended.

Please therefore accept this letter and enclosures as advanced notification by the operator(s), as may be required, under the relevant conditions of The Electronic Communications Code (Conditions and Restrictions) Regulations 2003, as amended.

The works at this site, which constitute permitted development under Class A of Part 16 of Schedule 2 to the Town and Country Planning (General Permitted Development) (England) Order 2015, as amended (the GPDO), involve the installation of the following electronic communications apparatus:

The installation of 6 no. replacement antenna and ancillary radio equipment at existing rooftop site.

Great British Communications Ltd

- Ancillary development thereto.

The following information is enclosed:

- A site plan showing the location
- Drawing reference numbers:

110-19A Proposed Site Plan
160-19A Proposed elevation

The proposal does not consist of any development specified in Article A.1 or Condition A.2(3) of Part 16 of Schedule 2 of the Town and Country Planning (General Permitted Development) (England) Order 2015, as amended, which requires either an application for planning permission or an application for a determination as to whether the Authority's approval is required for the siting and appearance of the development.

As with all mobile installations, we can confirm the installation of the apparatus has been designed and will be operated within the relevant ICNIRP guidelines on public exposure. An ICNIRP certificate can be provided on request.

Other Engagement

The Code of Practice on Wireless Network Development, March 2022, provides a Traffic Light Model rating assessment, to establish the level of other engagement that might be required for a proposed development. There is an expectation that the level of engagement will be commensurate with the particular scale and sensitivity of the development, so minor works are unlikely to attract the need, in many cases, for detailed prior engagement with the local community, especially where apparatus is permitted development. The proposal has been categorised as 'green' and we therefore have not carried out any wider community engagement reflecting the minor nature of the works.

Contact Details

All queries in relation to this Notification should be addressed to the undersigned in the first instance.

The following contact details are provided should the Council, members of the public or other stakeholders wish to raise queries direct with Cellnex or the operator.

For Cellnex:

Cellnex, Town Planning Team, R+, 4th Floor, 2 Blagrove Street, Reading, RG1 1AZ

For Telefónica or Vodafone:

CTIL Limited, Building 1330, Arlington Business Park, Theale RG7 4SA.

Great British Communications Ltd

[REDACTED]

The proposal is not subject to an application for planning permission or prior approval, but nonetheless we offer you the opportunity to make any comments on the details of the development or our engagement strategy.

If you do have any comments to make, require a meeting to discuss the proposal or wish to have an accompanied visit to the site, please let us know within 14 days of the receipt of this letter.

Yours faithfully,

[REDACTED]
