Subject: Consultation for Application Ref No APP/2023/2357

Consultee: Flood Risk and Coast Protection
Planning Reference: APP/2023/2357

**Full Planning Permission for Erection of 4 Storage Sheds (Class 6) at Site To South Of Muirhead House,
Muiryheadless Road, Inch Business Park, Inch, AB52 6TS**
Grid Reference: 363331.828872
Reason for Consultation: Planning Authority seeking Flood Risk Advice

It has been observed that there is a field drain to the west of the site, which is not identified as a risk on the flood maps. However, while it is not possible to completely eliminate the risk of flooding, it is advisable to incorporate flood-resistant materials during the development.

We have no further comments on this particular application at this stage.
