

VOLUME CALCULATION

Rear Dormer

$V_1 = 1.5m^2 \times 6.64m = 9.96m^3$

$V_2 = 3.0m^2 \times 5.20m = 15.60m^3$

$V_3 = 6.2m^2 \times 3.78m = 23.45m^3$

$V_T = V_1 + V_2 + V_3 = 9.96 + 15.60 + 23.45 = 49.01m^3$
