From the front elevation the proposed full 2 storey height dwellinghouse appears to have a cohesive link with the rest of the street scene.  Officers recommend the use of matching materials to the adjacent properties.  Officers recommend pulling back the first storey element by approximately 1m.  Officers recommend that the eaves of the rear elevation is detailed similar to the neighbouring property.  Officers advise that the scheme is the preferred option in this location, subject to final design changes as above.
Authority Employee/Member  With respect to the Authority, is the applicant and/or agent one of the following:  (a) a member of staff  (b) an elected member  (c) related to a member of staff  (d) related to an elected member
It is an important principle of decision-making that the process is open and transparent.
For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
