## Description of Proposed Works

Please describe the proposed works

Clatford Cottage is a red bricked dwelling located within the village of Upper Clatford. In Apr 2022 four double glazed uPVC windows on the front elevation were replaced (Planning: 22/00303/FULLN). In July 2023, the front door, upstairs window on side elevation and lower window on rear elevation were replaced (Planning: 23/01742/FULLN). The next phase is to replace the kitchen window - side elevation. I believe this unit was originally installed in around 1991 when the current dwelling was created. The window is often misted with condensation and the unit has failed. The proposal is to replace the uPVC window with a like-for-like product and to exactly match the installations made in April 2022 and July 2023. The external materials to be used will match in type, colour and texture those used in the existing building. Therefore, in this respect, the proposal would not affect the character and appearance of the area
