Description

Please describe details of the proposed development or works including any change of use

Change of use from a Garden Room to a Hair Salon. Room is within the sizing that requires no planning permission and is made of wood so temporary construction. This application is a retrospective planning permission request for change of use of an existing garden room into a hair salon as of 14/08/2022. This is when the business officially moved into the location and we gave up the existing commercial property in Ormskirk however it is worth noting the room was used as a tactical salon for a period of circa 9 months one evening a week to provide 'COVID SHIELDING' Clients somewhere to have their hair done in private and lower risk. We decided to move the whole business to our home Garden Salon when the bus station in Ormskirk started to be developed. Our original salon was 51 Moor Street, which is adjacent to the car park which had been closed due to the bus station development. The impact of the bus station developments was immense. We had no close car parking and many of our clients are elderly so couldn't get to the salon. The area outside the salon along to the pedestrian area in Ormskirk was blocked off so clients had no right of way on pavement to get to the salon. Outside the salon there was barriers, causing access issues and one of our clients fell right outside due to the issues of the barriers. However the final decision to move was when we lost electricity twice without warning and we had no ability to wash clients hair and get the colour off. We had to take the client back home and wash the hair colour off. One client had burning to hair scalp due to the colour being on her hair too long. Fortunately she did not take legal action as she has come to me for 25 years but I have images of the damage to her hair line if you wish to see it. I then got a letter saying ENWL would be working in the area but couldnt tell me when the electricity would be off. I moved to the garden room for two weeks to enable works to be completed but the area around the salon got worse in terms of access. I waited paying rent on my commercial property from Aug 22 to Nov 22 although it was not being used with the hope to move back but the delays to Bus Station development meant I just had to give notice. COVID and this development had a massive impact on my business, I lost a lot of money and clients and therefore my client base is now smaller. Opening hours are 7am-1pm, staffing is 1.5 employees and clients are much older clientele and we serve c.10/12 clients a day no more than 2 at a time, one employee drives and parks on our drive and some clients get taxis because of an older clientele. Those who do drive park on the inlet on the field on the opposite of the house to the neighbours. We have one delivery every 3/4 weeks in a small van. Finally please note our area is used by walkers and teenagers who often park close to our home on weekends and evenings for leisure, therefore there are cars parked for various reasons in this area regardless.
