It is likely that a successful scheme for tourist accommodation on this site would utilise much more modest units of accommodation which would be more sensitive to the rural location. Officers do acknowledge that the site is located within a ribbon of development within the countryside, however this is the end site, at the entrance to Street End Lane and the proposal would significantly larger than the nearest properties. This is an indication that the quantum of development sought is not acceptable.
Authority Employee/Member  With respect to the Authority, is the applicant and/or agent one of the following:  (a) a member of staff  (b) an elected member  (c) related to a member of staff  (d) related to an elected member
It is an important principle of decision-making that the process is open and transparent.
For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
