Dear Planning

132 Birchwood Road DA2 7HG

With regards to you email recently and the telephone conversation that I had with Christiana and Barbara.

My Client is very happy to plant 10 Trees on the side to his neighbours drive way as shown on the plan below.

We are suggesting to plant 2.5m to 3m tall and 12cm to 14cm girth.
Trees such as Silver Birches, Tulip, Liquid amber, Beech, Rowen.

Please let me know if you are happy with this so we can get the trees and plant them?

Many Thanks
Ylber
