

NOTE: ALL PROPOSED MATERIALS TO MATCH EXISTING

Issue.

Planning Application

Not for construction

© Copyright You Architecture Ltd 2020

General Notes.

Contractors must verify all dimensions/levels and carry out all necessary exploratory works on site and confirm existing structure, temporary support or setting out before commencing any works. Do not scale off the drawings. If in doubt or any missing info please ask, do not assume. Any discrepancies to be reported to us.

No construction work before all Local Authority consents, Planning Permission, Building Control approval and structural engineer confirmation.

You Architecture Ltd is not liable for any work undertaken without Planning Consent or Building Regulations Approval before or after our involvement. Any unauthorised works without all necessary approvals from Local Authority are entirely at the risk of the owner/builder.

If any variation is made to design without our permission, we accept no liability for the entire design.

All structural elements inc. loadbearing walls, joists, beams and columns to be confirmed by structural engineer. All drawings are to be read in conjunction with all relevant drawings and specifications.

All work is to be carried out in accordance with the manufacturer's guidelines, the latest British standards Codes of Practice, regulation 7 of Building Regs and recognised working practices. All work and materials should comply with Health and Safety legislation.

Local Water Authority consent to be obtained when building over or near to public sewers.

Highways Authority Consent to be obtained when building over or near to highways.

CDM REGULATIONS 2015

The client must abide by the CDM Regulations 2015 and you may have a requirement under the CDM Regulations 2015 to notify the Health & Safety Executive. The Health and Safety Executive is to be notified as soon as possible before construction work starts if the works:
(a) Last longer than 30 working days and has more than 20 workers working simultaneously at any point in the project. **(b)** Exceeds 500 person days.
 If the contract exceeds the above then it is the client's duty to appoint a Principal Designer & Principal Contractor. In accordance with the guidelines of CDM2015 we confirm we are not the principal designer and this role will be carried out by others, unless otherwise is agreed with us in writing. You should be aware of the responsibilities of the client and principal designer in accordance with CDM2015. If you are not please let us know and we can provide you guidelines.

PARTY WALL ACT

The owner, should they need to do so under the requirements of the Party Wall Act 1996, has a duty to serve a Party Notice on any adjoining owner if building work on, to or near an existing Party Wall involves any of the following:
(a) Various work that is going to be carried out directly to an existing party wall or party structure
(b) New building at or astride the boundary line between properties
(c) Excavation within 3 or 6 metres of a neighboring building(s) or structure(s), depending on the depth of the hole or proposed foundations.
 We confirm that we do not accept any responsibilities regarding the boundary line or party wall matters or any issues raised by neighbours unless otherwise is agreed with us in writing.

COPYRIGHT ACT

Proposed side extension

Note:

Dominant character of Holywell Road is terrace housing with no separation gap between houses. However, there are only a few exceptions with small separation gap between 2 houses.

One of the exceptions is the houses near the application site. The proposed side extension will reduce the existing gap but will still maintain the 1m separation distance between the application site and the adjacent property in order to respect the visual gap between the houses in this section of the road.

Therefore, it cannot be argued that the proposed scheme is not in keeping with the character of the area. Also it cannot be argued that the proposal will result in terracing effect.

NOTE: ALL PROPOSED MATERIALS TO MATCH EXISTING

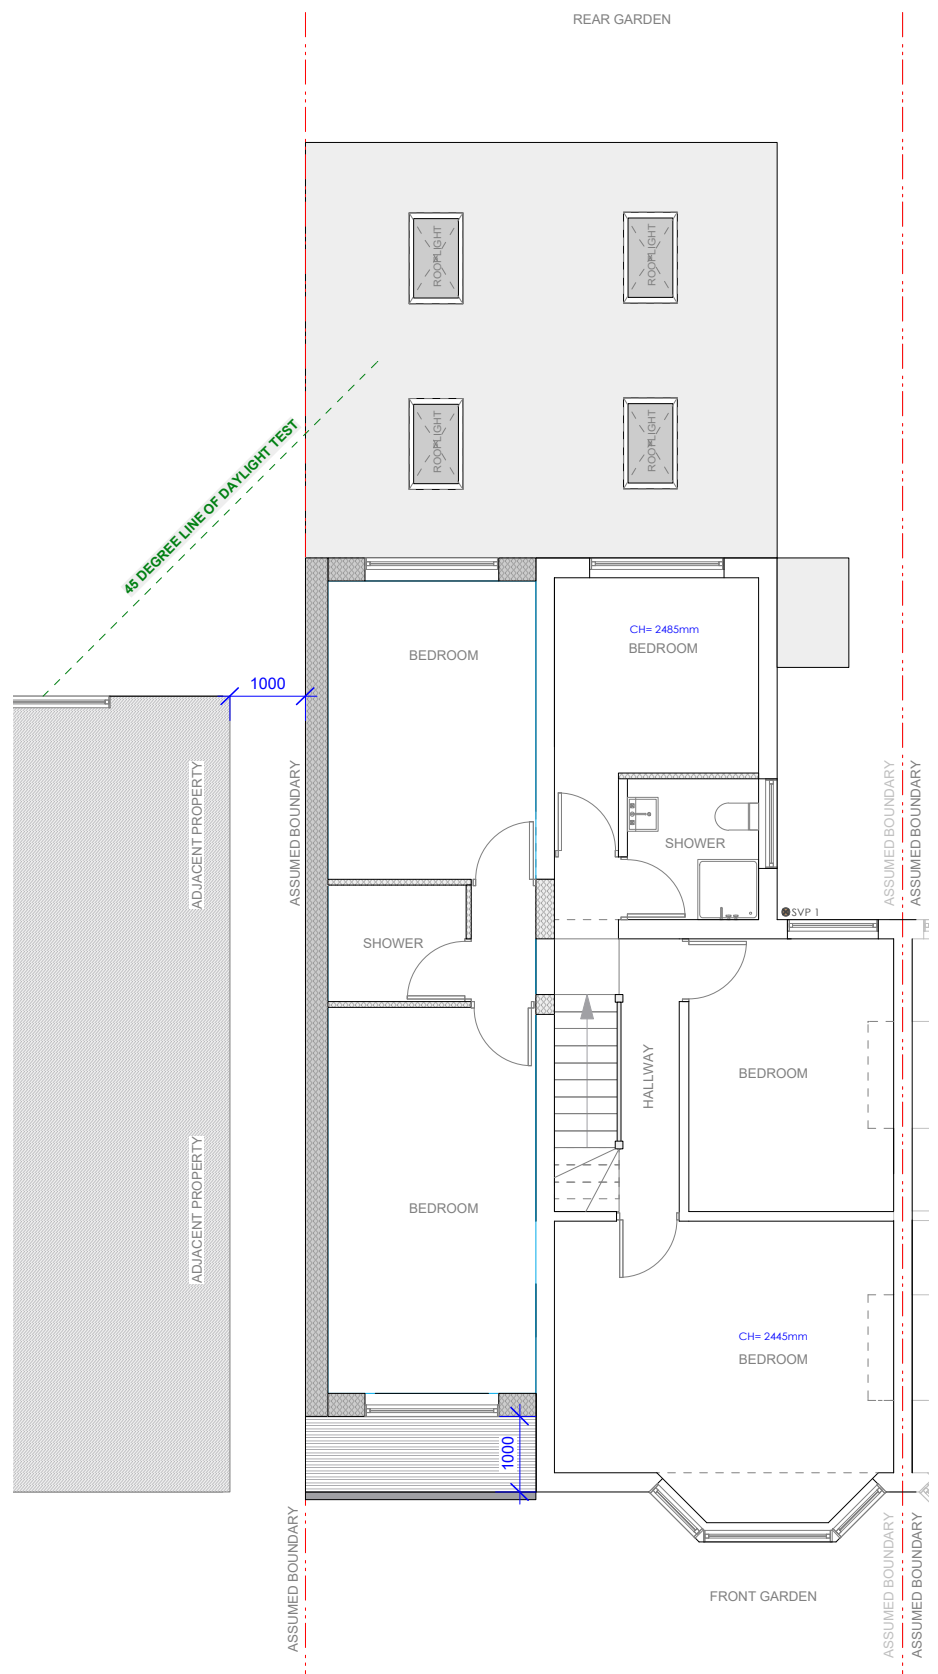

There is an existing structure on the boundary with the adjacent building. The new extension will replace the existing structure and as a result the impact on the neighbour's amenity will be insignificant compared to the existing arrangement.

6m rear extension was previously approved under prior approval procedure, that can establish a fallback position.

The rear extension is proposed to match the depth of the adjacent property. Therefore, it cannot be argued that the proposed extension is out of the character of the area.
