Description of Proposal

Does the proposal consist of, or include, the carrying out of building or other operations?

- Yes
 No

If Yes, please give detailed description of all such operations (includes the need to describe any proposal to alter or create a new access, layout any new street, construct any associated hard-standings, means of enclosure or means of draining the land/buildings) and indicate on your plans (in the case of a proposed building the plan should indicate the precise siting and exact dimensions)

Plan to update existing windows from white aluminium frame and double glazing, to white wood effect flush casement uPVC windows with double glazing. The current windows have lead bars, I would like to update this to Georgian astragal bars, to match the neighbours windows.

The windows in question are 2 to the front of the property ground floor 1880mm x 1210mm, first floor 1080mm x 1210mm.
Front porch 610mm x 1030mm
First floor rear 1080mm x 1210mm

the current windows are thin and drafty. New windows would help in lowering my EPC for the property.

Does the proposal consist of, or include, a change of use of the land or building(s)?

- Yes
 No

Has the proposal been started?

- Yes
 No

Grounds for Application

Information about the existing use(s)

Please explain why you consider the existing or last use of the land is lawful, or why you consider that any existing buildings, which it is proposed to alter or extend are lawful

My plans to update the windows will help improve the properties EPC as the existing windows are thin, cold and drafty. The material change from aluminium to uPVC will help with this. I have also selected a flush casement window which have hidden trickle vents to aid in ventilation, but retain the nice look of the window

My plans are in keeping with the neighbours current windows and therefore the look of the street will be very similar.

Please list the supporting documentary evidence (such as a planning permission) which accompanies this application

Quote from company and brochure of the product.

Select the use class that relates to the existing or last use.

C3 - Dwellinghouses

Information about the proposed use(s)

Select the use class that relates to the proposed use.

C3 - Dwellinghouses

Is the proposed operation or use

- Permanent
 Temporary

Why do you consider that a Lawful Development Certificate should be granted for this proposal?

The style and look of the new windows will be in keeping of the current look of the existing windows, and match the neighbours windows. The street is in a conservation area, and the heritage of the street will not be affected.

Site Visit

Can the site be seen from a public road, public footpath, bridleway or other public land?

- Yes
 No

If the planning authority needs to make an appointment to carry out a site visit, whom should they contact?

- The agent
 The applicant
 Other person

Pre-application Advice

Has assistance or prior advice been sought from the local authority about this application?

- Yes
 No

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
(b) an elected member
(c) related to a member of staff
(d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?

- Yes
 No
