Description of Proposed Works

Please describe the proposals to alter, extend or demolish the listed building(s)

Replace Existing Wooden Arched Front door to Annexe with like for like but with stable door opening option.
As the door opens straight onto Stocks Lane we would like the option of a stable type door to enable us to open the top part only as my 90 year old mother currently lives there.
Current door does not shut properly and the wood is rotten in places and very drafty.

Existing materials and finishes:

Current door to the annexe is an arched wooden door. Possibly Oak, but hard to tell as it is so weathered and in disrepair. It was here prior to us moving here and unsure as to who put it in. It has been stained by the looks of things.

Proposed materials and finishes:

We would want to replace with Oak or similar but (like for like). We would not paint it but would have it treated keeping the natural wood look. We would like to have a stable door type but retaining the arched overall door, purely so we can open the top part on its own as the door opens directly out onto Stocks Lane.
