---

Dear Kayleigh,

Thank you for your email, I have enclosed the requested below:

*1. Please could you provide a dimensioned diagram of the layout of the new drive indicating the link across the pavement.*

I have enclosed a dimensional diagram of the driveway including the new link across the pavement.

*2. Please could you indicate the surface material that you propose for the drive and if possible a photo of the material*

I have also attached an image of no. 85 East Main Street's driveway, the neighbouring house, which I am looking to emulate.

The surface material I intend to use is MOT Type 1 which I have also enclosed a photo of.

*3. If there is any fencing going to be installed could you describe in reasonable detail its nature and dimensions*

There will be no fencing installed as the driveway sits entirely within the garden boundaries and as such I will not be altering the existing fencing.

If you have any further queries please do not hesitate to get in touch.

Kind Regards,

Adam
