### Description

Please describe details of the proposed development or works including any change of use

The proposal concerns the fit out of the currently vacant unit at 68 Pier Road. The commercial unit has been vacant since construction of the wider building it is within. The vacant unit when constructed was given planning approval for uses A1/A3.

The proposal is for a change to use to provide a mixed use community space. This would provide general event space, meeting rooms, kitchen/cafe, toilet facilities and covered unheated external space for multiple uses, to be managed by reputable charitable organisation. Due to the proposed multiple functions we would propose this as Sui Generis planning use class.

The works include the construction of new internal walls, floor and wall linings and finishes, and associated equipment and fittings as part of the fit out. It is also proposed to make good and decorate the street frontage and raised walkway wall, subject to the necessary permissions.

Has the work or change of use already started?
