

Reason for tree works

T1- Old Prunus (Cherry) stump. Fell as close to ground as possible as this is just a tree stump that is dead and has pulled up the paving around it.

T2- Pyrus (pear) fell to as close to ground level as possible. Remove this tree as is too large and overgrown with diseased fruit. Want to remove and plant a new variety.

T3- Red tipped photinia. Trim to tidy. Just general maintenance of tree
