Good Afternoon

Thank you for your application.

On the application form, you have ticked 'Yes' to the section "Condition of the tree(s) - e.g. it is diseased or you have fears that it might break or fall". Due to the tree being covered by a Tree Preservation Order, the application form states:

"If Yes, you are required to provide written arboricultural advice and other diagnostic information from an appropriate expert".

If section 8.1 (Condition of trees) of the application form has been answered 'yes', written arboricultural advice and other diagnostic information from an appropriate expert is required unless the tree in question is not diseased / at risk of breaking or falling. If this is the case, rather than the tree being diseased / at risk of breaking or falling, please amend the application form by ticking 'No' and untick the 'Yes' box.

Please could you provide the above information at your earliest convenience as I am unable to proceed with the validation of your application without it.

Kind regards

Oliver Robson
