 Imperial: 73 x 215 x 102mm

Tolerance T1	Range R1	Freeze Thaw F2
Water Absorption Mean - 9%		Compressive Strength Mean - 79.1 N/mm ²

Summary

Country Blend are high quality handmade bricks with predominantly orange shades, blended with soft browns and reds.

These bricks are historically seen throughout middle England in the 'Shire Counties' on farmhouses and period country properties.

As one of our popular original blends, they feature a traditional creased texture and have been used all over England to build new homes, extend existing properties and restore listed buildings.

Available in 73mm and 68mm imperial sizes and metric size, fully frost resistant and manufactured to BS EN 771-1 standards.

Images displayed are for guidance only, some variation is to be expected.

Always request samples prior to purchase.

The Imperial Standard

Imperial Bricks requires all of its manufacturing partners meet and evidence at least four of the key internationally recognised standards for product quality, sustainability and ethical supply.
