Details of the pre-application advice received

Certificate of Lawfulness (ref P23/03085/CLP) was refused on 30/11/2023 due to the proposal for a rear conservatory not failing the permitted rights afforded to householders under Schedule 2, Part 1, Class A of the Town and Country Planning (General Permitted Development) (England) Order 2015 (as amended), as it failed Schedule 2, Part 1, Class A, Part (j) (iii), as the width of the proposed conservatory was greater than half of the overall width of the host dwellinghouse.

This revised proposal does not have a width greater than the original dwellinghouse width. The width of the existing host dwellinghouse extends to a width of 22.73meters. Therefore, this proposed single storey conservatory would extend to a total width of 11.3 meters from the existing side elevation and to a depth of 4.0 meters from the existing rear elevation.

This revised rear conservatory proposal would be likely to receive officer support, should an application be submitted.

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
