Subject: Re: Discharge of conditions - Bronhaul

Hi Jane

Thanks for the response. The attached covers our reply to the last of the conditions. Apologies in advance for the diagrams not being of architectural standard, as mentioned previously to save costs we are trying to deal with this process ourselves

Appreciate that there are a few of the team off long term sick (hope that they are getting better), however as we have had to wait many months for responses, if this could be looked at in the next week that would be appreciated

Regards

Simon
