Dear Mr Griffiths,

Re: New Foul Water connection to the public sewer for: Land Adj The Vicarage, Carno, Caersws

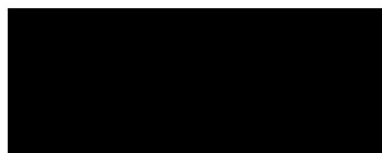

I refer to the above development and the new sewer connection to the public sewer. The sewer connection is for the disposal of foul water flows.

I can confirm that our inspector has inspected the S106 connection works and reported that the works are satisfactory. Inspection was completed on 2nd March 2018.

No formal vesting certificate will be issued as the connection was made within Private Land and will remain the responsibility of the owner.

If you need any further help, please contact me on the number above or alternatively contact the Developer Services Contact Team on 0800 707 6600.

Yours sincerely,

Infrastructure Design Technician
