Description of Proposed Works

Please describe the proposals to alter, extend or demolish the listed building(s)

15 Church Street is a Grade 2 Listed building currently being sympathetically converted back to a single-family home from 2 flats with the historic features being carefully reinstated and repaired. The property had been left to fall into serious disrepair over the last 15 years. The owners have recently purchased a small, derelict plot of land from the adjoining property, 16 Church Street, and seek listed building consent to take down a garden wall measuring 3.9 meters in length and 1.5 meters in height of part brick and block construction. The wall had once been the side of a stable/ outbuilding and divided the garden into two areas. To create an improved garden area, more in keeping with the property dimensions as a single-family home, it is proposed to take down the wall, reclaim the historic bricks, and reuse them in a new rear boundary wall in place of the existing Leylandii trees, which have been granted permission to be felled. Creating the rear boundary wall as described supports the current legal title boundary/ curtilage of the entirety of the land relating to 15 Church Street.
