

## Climate Emergency Compliance Form for householder applications

Householder applications are required to complete the relevant sections of this form. Any form with blank entries will not be accepted and the planning application will not be able to be validated until the form is complete.

It may be that not all of the requirements apply to your householder proposal, please look at each of the requirements and consider what can be achieved within your proposal. Please refer to the [Climate Emergency Planning Toolkit](#) if you need further information.

In the event that any of the requirements are not met in full, please explain why this is the case and identify any proposals to mitigate the impact of non-compliance. This may be because your proposal is too small, or of a particular type, and that the requirement isn't applicable – this needs to be briefly explained in the appropriate column.

Completion of this form is a validation requirement and the local validations lists have been updated to include this.

<b>Climate Emergency Compliance Form</b>			
<b>Requirement</b>	<b>Is the requirement being met onsite?</b>	<b>If 'in full or in part', which document/plan is the evidence included in;</b>	<b>If 'not' or 'in part', please explain reason for non-compliance and identify any measures you are proposing to mitigate for the non-compliance</b>
	<b>In full (F)</b>  <b>In part (P)</b>  <b>Not at all (N)</b>		
<b>Mitigation</b>			
M1 – Min 1kw of onsite renewable energy generation		Due to orientation and existing tree/topography heights, it is felt the installation of solar panels will not be effective.	
M4 – Resilient and low carbon building materials		The proposals include for the use of natural timber cladding. Works to the existing building have been scaled down to reduce the amount of waste.	

OFFICIAL

M6 – Electric vehicle charging points		A new electrical vehicle charging point will be installed – refer to proposed plans.	
<b>Adaptation</b>			
A1 – Passive solar design (All apps)	N/A	Additional documentation not required whilst this measure is under review.	Additional documentation not required whilst this measure is under review.
A2 – Protecting our soil resource (All apps)		Not applicable	
A3 – Protecting and enhancing tree cover (All apps)		Not applicable	
A4 – Protecting and enhancing gardens, green spaces and greenfield sites (All apps)		Not applicable	
A5 – Delivering sustainable drainage, surface water management and restricting urban creep (All apps)		Not applicable	
<b>If an offsetting contribution is being proposed to mitigate the impacts of non-compliance, please refer to the most up-to-date Greater London Authority Carbon Offset Funds guidance</b>
