Natwest, 32 East Street, Barking, IG11 8EU**

### **The replacement of two external ATMs**

#### **The Works**

The works comprise the removal of two external ATMs to the right-hand side of the entrance to the building. Two new ATMs are to be installed in their place. The right-hand ATM is to be installed centrally in the panel with a lateral move to the left of 490mm and the signage panel alongside it to be removed. All finishes to be made good to match existing (see drawing). Two new ATM collars are to be installed with the new Natwest branding.

The new ATMs will increase convenience for customers by allowing better access, a more ergonomical design and have cyber protected security. They also feature Bluetooth and voice control. The new ATMs will have no detrimental effect on the fabric of the building.

### **Access**

Access to the branch will not be affected by the proposed works nor will they affect the public space.
