Grounds for Application

Information about the existing use(s)

Please explain why you consider the existing or last use of the land is lawful, or why you consider that any existing buildings, which it is proposed to alter or extend are lawful

The house is a residential property owned and currently lived in by the applicants

The guidelines for a permitted development extension will be applied, these are:

The development plan will consist of no more than half the area of land around the "original house"* to be covered by additions or other buildings.

Materials will be the same in appearance as the current dwelling.

The height of the extension does not exceed 4m.

The 4m length of the extension is taken from the main rear wall of the property not from the original small extension that was part of the original build in 1983.

The extension will be flat roofed so ridge heights will not impact the 4m limit

Please list the supporting documentary evidence (such as a planning permission) which accompanies this application

A drawing is provided showing the current layout against the proposed change to the building
