Description of Proposed Works

Please describe the proposed works

Timber log cabin. As pensioners we were looking at options to create extra dinning space for when our kids and grand kids visit. We would like to apologize as we did not fully understand the specifics regarding the conservation area, neither did Scotts Sheds from whom we purchased, as we considered this to be our back garden rather than the front, also we thought this would provide greater privacy from seeing laundry drying.

Details of the pre-application advice received

That Samantha had consulted with the her planners and heritage officer confirming that the development may be acceptable in principle. Sharing that the opinion is that the site is well protected by tree cover although this is ephemeral and the shed would be visible should the trees/hedge be removed, the shed is not affecting the character of the area. The building is also reasonably set back from the boundary and has a contextual material palette. Confirming that this information is only informal advice and not a guarantee that an application would be approved when submitted.

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
