Dear Fay,

Thank you for your e-mail and attached letter 16<sup>th</sup> January 2024.

1. Please find attached the revised Site Location Plan, 2061 – 01A with the red and blue lines made thicker for identification purposes.
2. Please find attached an Ecosystem Services Report with Appendix A
3. Further to our conversation, I have revisited the site yesterday and can indeed confirm that there are no trunk sections of the adjacent hedge above 75mm in diameter, measured 1.5 meters above the existing ground levels.

Thank you for your assistance with this matter.

Kind regards

Ian
