

**Tree Survey – 1 Albion Villas, Hill Brow Road, Liss, Hampshire, GU33 7LA.**

**Proposed works:**

I would like to cut down/fell two large conifer trees (T1 and T2) in my garden which are blocking out a considerable amount of light and shedding needles onto the paved area. These trees are tall and block the sunlight from a large area of the garden. T1 is extremely close to the property boundary and is touching the structure of the neighbouring parish council offices (photographs provided). I would also like to reduce the crown of a third tree which I believe is a Viburnum (T3). The branches of T3 are overhanging a large area of the garden blocking the light from plant beds. Some of the branches of T3 are overhanging my property boundary and are either touching or very close to Liss Parish Hall which is next door to my property. I would like to cut back these branches and reduce the crown of T3. I have contacted three arborists to take a look at the work who have all advised on the works. I will select a company as soon as I have received notice from this planning application and relevant department, and select a reputable company based on price and availability. I also enclose with this application some advice I received from South Downs National Park Authority on completing this tree survey. I hope the information is sufficient for a decision to be made. Many thanks, Crystal Munroe

Photo 1. View of T1 and T3 from Parish Hall driveway/access alley.

Photo 2. Showing T3 close/touching Parish Hall.

Photo 3. Looking back towards Hill Brow Road, with Parish Hall on right. T3 branches close to Parish Hall.

Photo 4. T1 touching roof of Parish Council Offices.

Photo 5. T1 and T3 viewed from further back, showing proximity to Parish Council Offices and Parish Hall.

Photo 6. View from back door of 1 Albion Villas, showing location of T3 in foreground and T1 and T2 in background. Showing light being blocked by trees.

Photo 7. Additional view of T3 in foreground and T1 and T2 in background.
