Description of the Proposal

Please note in regard to:

- **Fire Statements** - From 1 August 2021, planning applications for buildings of over 18 metres (or 7 stories) tall containing more than one dwelling will require a 'Fire Statement' for the application to be considered valid. There are some exemptions. [View government planning guidance on fire statements](#) or [access the fire statement template and guidance](#).
- **Permission In Principle** - If you are applying for Technical Details Consent on a site that has been granted Permission In Principle, please include the relevant details in the description below.
- **Public Service Infrastructure** - From 1 August 2021, applications for certain public service infrastructure developments will be eligible for faster determination timeframes. See help for further details or [view government planning guidance on determination periods](#).

Description

Please describe details of the proposed development or works including any change of use

I am the property manager for this site. There are two garage entrances on site which require shutter doors to enhance security. There have been doors installed previously but they did not meet current regulations, therefore, the existing doors have been terminated so they cannot be used but have remained in situ in the open position. We are now seeking permission/consent for new doors to be installed, the doors will be used by the residents of the block of flats. The provided quotes and specs are based on comments from a chartered surveyor for appropriate ventilation. The surveyors comments are as follows:

"Natural ventilation should be provided by permanent openings at each level with a venting area of at least 1/20th of the floor area at that level of which at least half should be provided between two opposing walls.

Looking at the garage doors, a 3 x 2.1 perforated door will provide. A possible ventilation of 4.55 square meters, which will be more than required considering the existing ventilation on the opposite walls. "

We were advised to decommission to existing shutters due to them not meeting ventilation requirements. This is now complete and we wish to install new doors.

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
