

Applicant: Keith Porter

A TCA to fell T1 Lawson's cypress between 26b Main Street (applicant) and 6 St Peter's close.

We have a evergreen tree that is pushing over our fence and breaking it from next door and the tree needs cutting.

The tree straddles our land and the next door property that belongs to the council. The tenant wants the tree removed too. We are happy to have it professionally removed at our cost, but need permission that this tree can be removed as it's not a native tree in the area.
