

 **Fwd: Planning Application**

it back to you 😊

To whom it may concern,

I am writing in support of the planning application by Peter Keyton for his yard at *****.
I have known Peter and Luke Keyton since 2016, when I began working with Peter at a local building firm in Sudbury. During this time, I regularly visited the yard at *****road for both business and social reasons. This is where I knew Peter to have his workshop, and Luke to also run a mechanics business. At the time, Luke was living in a caravan on site, and as far as I'm aware, Luke had already been living at the yard for several years before I came to know them both. Luke continued to live at the site, and the last time that I visited him there was at the end of 2019, prior to my move to New Zealand.

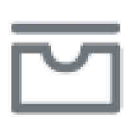

Please do not hesitate to contact me for any further information that it is within my scope to provide.

Regards,
Charlotte Baskett
