Dear Kelly

Thank you for your email.

I am in the process of preparing the electronic file.

The Proposed Elevations do not seem to be attached to this email. That said, we still have on file drawing 005 REV P03 from the NMA submission which I think we can use (please confirm).

These elevations seem to take into consideration the increase in size of the front extension and reflect the fenestration change (front elevation) to the master bedroom (23/02419/NMA)

but the Proposed Floor Plans submitted on drawing 004 REV 003 the first floor plan still reflects and shows two windows on front elevation (master bedroom area), therefore for accuracy this will need to be amended to match the proposed elevations drawing 005 REV P03 .

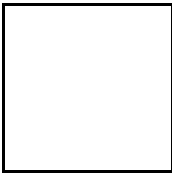

Hope this makes sense.

In addition the proposal description has been amended as follows:-

Demolition of existing attached garage and erection of a two storey side extension, single storey front extension, and external associated works (amendments to previous approved applications WR/23/01341/DOM and WR/23/02419/NMA).

Please confirm you are in agreement to this change.

Regards

Tom Nemeth
