Date of decision

What was the original application type?

Householder planning & listed building consent

For the purpose of calculating fees, which of the following best describes the original development type?

Householder development: Development to an existing dwelling-house or development within its curtilage

Other: Anything not covered by the above category

Non-Material Amendment(s) Sought

Please describe the non-material amendment(s) you are seeking to make

Omission of glazing bars from the new dormer window and from the replacement first floor window;
Change design of rear ground floor extension doors;
Raise dining area floor by 300mm.

Please state why you wish to make this amendment

The applicants, on reflection, would wish to see the rear windows match the existing front ones. This would see the glazing bars omitted to leave single glazing panels in each window.

The applicants, also again on reflection, would prefer to see a conventionally hinged pair of doors leading out into the garden instead of a set of bi-fold doors. These are now proposed to be in PVC-u.

The last change is to offer an additional safeguard to flooding by raising the dining area floor level by a nominal 300mm. This will match the level of the neighbouring Sweetpea Cottage rear extension although the new parapet wall height will remain as currently consented.
