

Justification for the felling of ash tree at 1 Berkeley Cottages

1. Permission has already been granted 21/00119/TPO due to ash die back.
2. Unfortunately, this permission lapsed as there was no contractor available to do the work within the timeframe.
3. The tree continues to display ash die back with black leaves dropping and dead branches.
4. There are several areas of fungus protruding from the large branches at the higher levels.
5. The tree is next to the road and a school and there is risk of failure.
