TOWN AND COUNTRY PLANNING (DEVELOPMENT MANAGEMENT PROCEDURE)  
(ENGLAND) ORDER 2015 (AS AMENDED)**

**Application Type:** Full Application **Application No:** 2022/2405/FUL

**Location of Development:** 45 Leigh Furlong Road Street Somerset BA16 0LF

**Description of Proposal:** Demolition of an existing single storey annexe and erection of detached bungalow

**Application submitted by:** Doble

---

Somerset Council, hereby **GRANT** the application described above subject to the following:

### Condition(s)

- Standard Time Limit (Compliance)**  
The development hereby permitted shall be begun before the expiration of three years from the date of this permission.  
Reason: As required by Section 91 of the Town and Country Planning Act 1990 (as amended) and to avoid the accumulation of unimplemented planning permissions.
- Plans List (Compliance)**  
This decision relates to the following drawings: 1591-06, 1591-07 and 1591-09A  
Reason: To define the terms and extent of the permission.
- Parking Area (Pre-occupation)**  
The dwelling hereby approved shall not be occupied until the parking spaces shown on drawing 1591-09A have been laid out in accordance with the approved plans and made available for the parking of vehicles. The parking spaces shall thereafter be retained for the parking of vehicles associated with the dwelling and for no other purpose.  
Reason: To ensure that sufficient parking is provided to serve the approved development in the interests of highway safety in accordance with Policies DP9 and DP10 of the Mendip District Local Plan Part 1: Strategy & Policies 2006-2029 (Adopted 2014).
- Removal of Permitted Development Rights - No extensions or alterations (Compliance)**  
Notwithstanding the provisions of the Town and Country Planning (General Permitted Development) Order 2015 (or any order revoking and re-enacting that Order with or without modification) no extension, external alteration or enlargement of the dwelling(s) or other buildings hereby approved shall be carried out unless a further planning permission has been granted by the Local Planning Authority.

Reason: Any further extensions require detailed consideration by the Local Planning Authority to safeguard the appearance of the development and the amenities of the surrounding area and residents in accordance with Policies DP1 and DP7 of the Mendip District Local Plan Part 1: Strategy & Policies 2006-2029 (Adopted 2014).

5. **Surface Water Drainage System (Pre-commencement)**

No development shall commence until a surface water drainage scheme for the site, based on sustainable drainage principles and an assessment of the hydrological and hydrogeological context of the development, has been submitted to and approved in writing by the Local Planning Authority. The scheme shall include a programme of phasing, implementation and maintenance for the lifetime of the development and subsequently be implemented in accordance with these approved details.

Reason: In the interests of providing a satisfactory level of surface water drainage, improving water quality and to prevent flooding in accordance with Policy DP23 of the Mendip District Local Plan Part 1: Strategy & Policies 2006-2029 (Adopted 2014). ½ This is a condition precedent because it is necessary to understand the drainage scheme in detail prior to any initial construction works which may prejudice the surface water drainage strategy.

6. **Phosphate Credit Allocation (Pre-Occupation)**

No occupation of the dwelling hereby approved shall take place prior to evidence demonstrating that a sufficient number of credits has been purchased by the applicant to mitigate the nutrient budget totalling to 0.21kg/year. This evidence should consist of an Allocation Certificate, a written certificate issued by the phosphate credit provider confirming the allocation of the full phosphate credit requirement.

Reason: In the interests of the integrity of a European site, the 'Favourable Conservation Status' of populations of European Protected Species and UK protected species, UK priority and habitats listed on s41 of the Natural Environment and Rural Communities Act 2006, and in accordance with policy DP5 & DP6 of the Mendip Local Plan and Chapter 15 of the National Planning Policy Framework 2023.

**Informative(s):**

1. **Condition Categories**

Your attention is drawn to the condition/s in the above permission. The heading of each condition gives an indication of the type of condition and what is required by it. There are 4 broad categories:

**Compliance** - The condition specifies matters to which you must comply. These conditions do not require the submission of additional details and do not need to be discharged.

**Pre-commencement** - The condition requires the submission and approval of further information, drawings or details before any work begins on the approved development. The condition will list any specific works which are exempted from this restriction, e.g. ground investigations, remediation works, etc.

**Pre-occupation** - The condition requires the submission and approval of further information, drawings or details before occupation of all or part of the approved development.

**Bespoke Trigger** - The condition contains a bespoke trigger which requires the submission and approval of further information, drawings or details before a specific action occurs.

Please note all conditions should be read fully as these headings are intended as a guide only.

Failure to comply with these conditions may render the development unauthorised and liable to enforcement action.

Where approval of further information is required you will need to submit a conditions application and pay the relevant fee, which is 116GBP per request (or 34GBP where it relates to a householder application). The request must be made in writing or using the Standard Application form (available on the council's website). For clarification, the fee relates to each request for the discharge of condition/s and not to each condition itself. There is a no fee for the discharge of conditions on a Listed Building Consent, Conservation Area Consent or

Advertisement Consent although if the request concerns condition/s relating to both a planning permission and Listed Building Consent then a fee will be required.

2. The responsibility for ensuring compliance with the terms of this approval rests with the person(s) responsible for carrying out the development. The Local Planning Authority uses various means to monitor implementation to ensure that the scheme is built or carried out in strict accordance with the terms of the permission. Failure to adhere to the approved details will render the development unauthorised and vulnerable to enforcement action.
3. In determining this application the Local Planning Authority considers it has complied with the aims of paragraph 38 of the National Planning Framework by working in a positive, creative and pro-active way.
4. Please note that your proposed work may also require Building Regulations approval, which is a separate consent process to the consideration of a planning application. The Council's Building Control team are available to provide Building Regulations advice from pre-application stage to completion of a development and can be contacted on 0300 303 7790.
