

- Electric operated roof-light for ventilation.
- Gutter and rain pipe.
- Structure and profile as per Structural Engineer specifications.
- Composite wall cladding boards, anti UV, agents resist colour fading, black or charcoal colour.
- Walk -on glass floor. The fascia covering the glass' floor thickness will include the top rail of the door. Details as per Structural Engineer specifications.

NOTES:

1. All dimensions and levels are to be checked on site by the main contractor before work commences.
2. The Architect is to be informed immediately of any discrepancies.
3. Do not scale this drawing, use written dimensions only.
4. All dimensions are in millimeters unless otherwise stated.
5. If in doubt ask.
