

## **Sustainability Statement - minor applications**

Su	stainability standards	Yes	No
A	Net zero carbon		
I.	Has the building fabric been designed to standards of ultra-low energy demand?		<b>/</b>
	All work to comply with current Building regulations requirements		
2.	Has thermal comfort and the risk of overheating been assessed and passive design measures been prioritised?	<b>/</b>	
	No passive house design measures incorporated in the scheme		
3.	Is the development fossil fuel free?		<b>/</b>
	No gas boiler - proposed electrical heating and hot water system		
4.	Will a net zero operational carbon balance be achieved and 100% of energy consumption delivered using renewables?		<b>/</b>
		•	
5.	Will embodied carbon emissions be minimised?		<b>/</b>
В	Travel		
I.	Is home working supported?	<b>/</b>	
2.	Has active travel been prioritised?		<b>/</b>
	Existing dwelling, although in relatively close proximity to bus stops / public transport		
3.	Is shared mobility facilitated?		<b>/</b>
4.	Will electric vehicle charging infrastructure be provided?		<b>/</b>
С	Water		

1.	Will water consumption be minimised?	<b>/</b>		
2.	Will water be conserved through rainwater harvesting or grey water recycling?	<b>/</b>		
	Provision of water butts to rainwater pipework at rear			
3.	Has the flood risk assessment accounted for climate change and is sustainable drainage proposed?	<b>/</b>		
	Sustainable drainage only / ground floor levels are being raised as part of the propo	osed w	orks	
D	Waste			
Ι.	Will the construction company be registered with the Considerate Construction Scheme?	<b>/</b>		
2.	Will a Site Waste Management Plan be followed and targets set for construction waste recycling and disposal?	\		
		•		
3.	Will there be safe and convenient access to waste recycling?	<b>/</b>		
E Voluntary sustainability standards				
E,	Voluntary sustainability standards			
	Voluntary sustainability standards  Will non-domestic development be BREEAM certified?			
	,			
Ι.	Will non-domestic development be BREEAM certified?		✓	
Ι.	Will non-domestic development be BREEAM certified?  n/a  Will the development receive a sustainability accreditation and/or follow		<b>✓</b>	
2.	Will non-domestic development be BREEAM certified?  n/a  Will the development receive a sustainability accreditation and/or follow		<b>✓</b>	
1. 2.	Will non-domestic development be BREEAM certified?  n/a  Will the development receive a sustainability accreditation and/or follow recognised sustainability principles?		✓	
1. 2.	Will non-domestic development be BREEAM certified?  n/a  Will the development receive a sustainability accreditation and/or follow recognised sustainability principles?  Only for development affecting heritage assets or traditional buildings  Have the heritage value of the building(s) and impact on any heritage asset been		✓	
1. 2. F (	Will non-domestic development be BREEAM certified?  n/a  Will the development receive a sustainability accreditation and/or follow recognised sustainability principles?  Only for development affecting heritage assets or traditional buildings  Have the heritage value of the building(s) and impact on any heritage asset been appropriately assessed?		✓	
1. 2. F (	Will non-domestic development be BREEAM certified?  n/a  Will the development receive a sustainability accreditation and/or follow recognised sustainability principles?  Only for development affecting heritage assets or traditional buildings  Have the heritage value of the building(s) and impact on any heritage asset been appropriately assessed?  n/a		✓	
1. 2. F ( 2. 2.	Will non-domestic development be BREEAM certified?  n/a  Will the development receive a sustainability accreditation and/or follow recognised sustainability principles?  Only for development affecting heritage assets or traditional buildings  Have the heritage value of the building(s) and impact on any heritage asset been appropriately assessed?  n/a  Is a whole building approach being taken?		✓
